Chicago Athenaeum, GREEN GOOD DESIGN Award 2015

“The Chicago Athenaeum Museum of Architecture and Design” has awarded the Lanserhof, Lake Tegern, designed by ingenhoven architects, with a GREEN GOOD DESIGN Award 2015. The award was founded in 1950 in Chicago and remains one of the oldest and most important awards worldwide for sustainable design.

Four buildings designed by ingenhoven architects have already been awarded with a GREEN GOOD DESIGN Award: the European Investment Bank Luxembourg, the Daniel Swarovski Corporation Zurich, the Oeconomicum Düsseldorf, 1 Bligh Sydney and now the Lanserhof, Lake Tegern as number five. Since its opening in 2014, the health hotel has been awarded with a total of 14 awards.
