ingenhoven architects win competition for Dom Hotel, Cologne

Date
25.02.2014

... a light, elegant and horizontally structured new roof for the Dom-Hotel is in dialogue with the emerging verticality of the Cologne Cathedral ...
ingenhoven architects win international architectural competition for the redesign of the roofscape and the ground-floor colonnade of the Dom-Hotel. The listed building is located in the immediate vicinity of the Cologne Cathedral at the Roncalliplatz.
Entries to the competition of all architectural firms will be exhibited and presented to the public for two weeks from 05 March 2014 in the colonnades of the Dom-Hotel.
