**"Pioneer of transformation in the building sector" - Citation
German Sustainability Award**

As part of this year's 14th German Sustainability Award, the Kö-Bogen II was selected among the final top 8. The DNP rewards pioneering contributions to the transformation towards a sustainable future. The prize aims to motivate all important actors to change, to network them across borders and to stimulate partnerships. It shows the best examples of how ecological and social progress can be achieved more quickly. The winners will be announced on 3 December in Düsseldorf.
